

Science Activity 6

Air resistance

Air is all around us but we cannot see it.

Question-

What is air resistance?

Materials-3 parachutes of different sizes, stop watch

Task- Which parachute will take longer to reach the ground?

What do you think?

Ask your teacher to hold the first parachute above her head and let it drop to the ground

Using the stopwatch- time how long it takes to fall.

Do this three times and record your results on the table provided.

Do this again with the other 2 parachutes.

Which one took the longest time to reach the ground?

P5-7

Class P _____

Parachute	Time taken			Average time
	1 st Test	2 nd Test	3 rd Test	
A				
B				
C
