

HAS YOUR SCHOOL SUBMITTED THEIR 2ND SGS APPLICATION??

There is just over a month left until the summer break for North Lanarkshire primary schools, stand-alone nurseries and ASN schools, which means time is quickly running out to apply for the **second** year of funding from the Edina Trust Science Grant Scheme.

So far, only 69 North Lanarkshire schools have received a grant from the Edina Trust this academic year out of a total 151! This is a **non-competitive** grant available to all primary schools, stand-alone nurseries and ASN schools. With a maximum of £550 available to each school this year, and another £550 available in 2014-15!

You just need to remember:

Retrospective applications are **not accepted**.

All applications **must** include:

- * Project Description
- * Proposed Project Date (**especially for a visit or science week**)
- * Detailed break-down of costs

For help on filling out the Edina Science Grant application form please find available tips on our website at: <http://www.edinatrust.org.uk/TipsonApplying.html>

For ideas and assistance with application forms or science projects, please contact the Trust's consultant located in North Lanarkshire **George Kavanagh** at georgekavanagh@outlook.com

Update No.8: 15th May 2014
Charity Number: SC033562

SGS REPORTS

Congratulations to those 87% of North Lanarkshire schools who successfully received an Edina Trust Science Grant during the last academic year!

The Edina Trust requires a report which needs to be submitted at the end of your project (or for science and gardening equipment, after 6 months). This doesn't mean any extra work for you or your school, we appreciate any feedback we are given; this can include: work generated during your project, photos of the children enjoying themselves, or feedback on anything you think may benefit from changes. You can also ask for an Edina evaluation form by emailing **Grace**.

Excellent reports from Super Scientists will receive a certificate and, for a limited time, free wildflower and sunflower seeds for the school gardens.
