## SOUTH LANARKSHIRE SCIENCE GRANT SCHEME

Don't forget to apply for your last £550 science grant from the Edina Trust. The scheme closes in South Lanarkshire at the end of the 2014/15 school year!

The Trust does **not** accept retrospective applications so please send your completed application forms to **Grace** at least two weeks before your project start date. This is a **non-competitive** grant available to **all** primary schools, stand-alone nurseries and ASN schools.

Which means this is the last opportunity to receive a grant of £550 to put towards science equipment, science weeks, science workshops, science subscriptions, gardening clubs or grounds for science projects!!!!

In the 2013/14 school year South Lanarkshire schools received over £65,000 from the Edina Trust towards science based projects.

### **You just need to remember:**

All applications **must** include:

- \* Project Description
- \* Proposed Project Date (**for a visit/workshop or science week**)
- \* Detailed break-down of costs (**excluding VAT**)

Please find available tips on our website at: <http://www.edinatrust.org.uk/TipsonApplying.html>

For ideas and assistance with application forms or science projects, please contact the Trust's consultant located in South Lanarkshire **Noleen Summers** at [noleen97@yahoo.co.uk](mailto:noleen97@yahoo.co.uk)

Update No.10: 26th November 2014  
Charity Number: SC033562

### **SGS REPORTS**

The Edina Trust requires a report which needs to be submitted at the end of your project (or for science and gardening equipment, after 6 months).

This doesn't mean any extra work for you or your school, we appreciate any feedback we are given; this can include: work generated during your project, photos of the children enjoying themselves, or feedback on anything you think may benefit from changes. You can also ask for an Edina evaluation form by emailing **Grace**.

Please let the Trust know if you approve of your report being included in future newsletters or as a case study on the Edina Trust website.

*Excellent reports from Super Scientists will receive a certificate and, for a limited time, free wildflower seeds for the school gardens.*
